- **Cost for option transportation:** We estimate families will pay \$50-\$100 per child/per month (depending on usage).
- Unlike K-12 “walking areas”, all who choose the PreK busing option will be picked up/dropped off regardless of neighborhood proximity.
- Like all bus stops, the supervision of children is not the responsibility of the bus company or the school district.
- Drop offs for students that don’t ride the a regular bus route require a parent/guardian meet the bus to unbuckle their student in order for the student to be released.
- Bus scholarships available for free/reduced lunch eligible families.
