Have questions or need more information?

WHICH ONE SHOULD I CHOOSE?

When you have more than one plan to choose from, it can be hard to know which one to pick.

PLUS, YOU MAY HAVE A CHOICE OF:

PLAN BENEFITS

How your care is covered.

Your plan benefits determine how things are covered (for example, whether the plan has a deductible and/or coinsurance) and what your share of the costs will be. You'll find this information in the plan's **benefit summary**, available in this guide.

PROVIDER NETWORKS

Where you go for care.

What's a network? It's a group of doctors, hospitals and other health care providers who have a contract with Medica to provide services to our members, usually at a discount. You receive your highest level of benefits when you see providers in your plan's network.

WHICH ONE SHOULD I CHOOSE?

If you have more than one network or plan to pick from, answering the following questions can help you pick what's right for you.

CHOOSING NETWORKS

- ☐ **Know who's in the network**
- ☐ **Check the referral requirements**
- ☐ **Consider what size network you'll need**

Is it important to keep your current doctor?

Check each plan's network to see whether your doctor, hospital and other health care providers are included. Be sure to choose a network that meets the needs of your entire family, since you'll all share the same network.

yes!

Do you need to see specialists?

With some networks, you'll need a referral to see a specialist in certain cases (for example, in a care system network, when you want to see a provider outside of your care system). With other networks, you won't need a referral as long as you stay in the network.

What size network do you need?

Plans with a smaller network usually have lower premiums. Accountable care organizations (ACOs) have a smaller network, but offer added features and support, usually at a lower cost. If an ACO is one of your options, and you and your family already see providers in that ACO, then this type of network might be right for you. If it's important to have access to a wider range of doctors and other providers, a larger network might be a better fit.

CHOOSING BENEFITS

- ☐ **Understand your coverage**
- ☐ **Estimate your health care costs**
- ☐ **Know your maximum**

Would you rather pay your costs up front, or as you go?

Plans with more coverage usually have higher premiums (the set amount you pay for your coverage), but offer lower costs when you receive care. Plans with lower premiums usually have higher deductibles and other out-of-pocket expenses, meaning you'll pay more as you receive care. To learn more about these terms, see the next section ("What's covered? How much will it cost?").

Are you expecting a lot of health care expenses this year?

Compare each plan's out-of-pocket expenses (the deductible, coinsurance, out-of-pocket maximum, etc.) to see which plan best fits your situation. To get an idea of your overall cost, be sure to also factor in your premiums.

What if you get seriously ill?

Could you afford to pay the plan's out-of-pocket maximum (also called an out-of-pocket limit)? This amount is the most you would pay for covered services in a year. After that, your plan pays 100%. Keep in mind that a plan may have an individual and a family limit, and separate limits for in- versus out-of-network care.

WHAT'S COVERED?

HOW MUCH WILL IT COST?

When you get down to it, there are two types of health care costs:

PREMIUMS

Think of premiums like your health club dues, where you pay a monthly fee to access the gym. Your health insurance premiums give you a certain level of coverage, including 100% coverage of preventive care. Your plan also includes some nice extras, at no additional charge. These are like the hot tub or steam room in our health club example – you have access to them just because you're a member.

OUT-OF-POCKET COSTS

Out-of-pocket costs are what you pay as you receive care. These costs will vary depending on the plan you pick. Below are some examples of common out-of-pocket costs. To see which costs apply and how much you'll be responsible for, check the plan's **benefit summary**, available in this guide.

Premium

The amount you pay each month or every pay period for the insurance plan.

Have questions about your premium amounts?

Check with your employer.

Copay

A set amount you pay up front when you receive care.

For example, \$40 for a doctor visit.

Deductible

The amount you pay each year before your insurance starts to pay.

For example, if your deductible is **\$2,000**, that's what you'll pay before your insurance starts to pay. Some charges don't count toward your deductible (for example, copays and services that aren't covered). And you might receive coverage for some things, like preventive care, even if you haven't met your deductible.

Coinsurance

Your share of the costs after you've paid your deductible. Coinsurance is a percentage of the charges for the service.

For example, you pay **20%** of the charges and Medica pays 80%.

Out-of-Pocket Maximum

The most you pay in a year for health care services covered by your insurance.

Once you meet this limit, your insurance pays 100% of any additional covered charges for the rest of the year.

To learn more about out-of-pocket costs, see the tip sheet at medica.com/membertips.

WHAT'S COVERED? HOW MUCH WILL IT COST?

Save money — see network providers

Many (though not all) plans have out-of-network benefits.

If they do, they'll be listed on the plan's **benefit summary**. But even with these benefits, your costs will be much higher if you see a provider outside your plan's network. That's because of three things:

1 Out-of-network benefits cover less than in-network benefits.

For example, a plan may have 40% coinsurance for out-of-network care vs. 20% coinsurance for in-network care (this is just an example – for actual amounts, see a plan's **benefit summary** available in this guide).

2 We negotiate discounts with network providers. When you leave the network, you lose those discounts. So the percentage you're paying above? It's a percentage of the full bill, not the discounted amount when you see a network provider.

3 We usually pay out-of-network providers less than the amount they bill. When this happens, you're responsible for paying the balance to the provider.

So it really does pay to stay in your plan's network.

To see an example of how much more out-of-network care can cost, go to **Medica.com/MemberTips**.

What about prescriptions?

You can see how a plan covers prescription drugs by looking at the **benefit summary**, available in this guide.

With some plans, you'll pay a set copay when you fill a prescription. With other plans, you'll pay the full cost of prescriptions until you meet your deductible. Rarely, a few plans have a combination of both copays and a deductible for prescriptions.

Whichever the case, it's helpful to know what to expect before you fill your prescriptions. And if you have a choice of plans that cover prescriptions differently, you'll want to compare potential costs under each plan. To get an idea of how much a particular drug will cost, you can use the online search tool. Just go to **Medica.com/SignIn**.

Once your plan starts, sign in to **Medica.com/SignIn** to see prices specific to the plan you've chosen.

You'll also be able to look up pharmacies where you can fill your prescriptions. For ongoing prescriptions, many plans also offer mail order or 90-day refills.

HOW CAN I PAY FOR CARE AND SAVE ON TAXES?

A plan that includes a **health savings account** (HSA) can help you do both. Plans with this type of account will have “HSA” in the name shown at the top of the **benefit summary**.

Things to keep in mind:

HSAs can help you save on taxes.

Learn more in Publication 969 on [irs.gov](https://www.irs.gov).

There are limits on how much you can put into your HSA each year.

See the tip sheet at [medica.com/membertips](https://www.medicare.com/membertips) for more information.

The IRS determines what expenses can be paid for using an HSA.

You'll find the list in Publication 502 on [irs.gov](https://www.irs.gov).

If you use your account for something other than an IRS-approved expense,

you'll pay income taxes on the amount, plus a 20% tax penalty.

After you turn 65, you can use your HSA for any type of expense without the penalty.

But you will pay taxes on money used for non-health care expenses.

How it works:

1 SET UP

Depending on your plan, either you or your employer will set up your HSA.

2 DEPOSIT

You'll put money into the account, usually by having money taken out of your paycheck. Or, someone else (like your employer or a relative) can put money into your account.

3 SPEND

You decide when to spend the money – there's no “use it or lose it” rule. If you want your balance to keep growing, you can pay for health care expenses with other money instead.

4 EARN

Some HSAs earn interest and can be invested. Any money you earn is tax free, as long as you spend it on approved expenses.

5 OWN

You own all the money in your HSA. If you change jobs, you can take it with you. If you have money in your account when you die, it goes to your designated beneficiary.

To learn more about health savings accounts, see the tip sheet at [medica.com/membertips](https://www.medicare.com/membertips).

HOW IS MY EMPLOYER HELPING PAY FOR CARE?

One or more of your plan options includes a **health reimbursement account (HRA)**. An HRA is an account that your employer funds to help you pay for your health care expenses. Plans with this type of account will have “HRA” in the name shown at the top of the **benefit summary**.

How it works:

1 SET UP

Your employer sets up the account and decides how much money they'll put in it.

2 SPEND

You use the account to pay for eligible health care expenses. Your employer decides how you'll pay claims from the account. For example, money may be sent directly to your provider or you may receive a debit card linked to the account.

When your account is empty, you'll pay any expenses using other funds.

Things to keep in mind:

You can't put money into your HRA.

Only your employer can fund the account.

Money in an HRA doesn't earn interest.

Your employer determines when you can use HRA funds.

For example, some HRAs require that you pay claims up to a certain amount before you can use your HRA.

With some plans, unspent HRA funds will roll over from one year to the next.

With others, you lose any unspent funds at the end of the year. To see which applies to you, check with your employer.

When you change health plans or leave the company, you can't take any leftover HRA funds with you.

To learn more about health reimbursement accounts, see the tip sheet at medica.com/membertips.

Important Notice from Medica* on behalf of Your Plan Sponsor about Your Prescription Drug Coverage and Medicare (“Medicare Part D”)**

**Keep this notice if you will become eligible for Medicare Part D within the next 12 months.
You may disregard this notice if you are not eligible for Medicare Part D or will not become eligible within 12 months.**

This notice pertains only to those members, and their covered dependents, who are eligible for Medicare Part D, or who will be eligible within the next 12 months. In general, an individual who is entitled to Part A and/or enrolled in Part B is eligible for Medicare Part D. In most instances, a person has Part A coverage if he or she has attained age 65 and receives monthly Social Security benefits or is a qualified railroad retirement beneficiary. Individuals under age 65 may also become entitled to Medicare Part A benefits if they receive at least 24 months of social security or railroad retirement benefits based on disability.

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with your Plan Sponsor and about your options under Medicare’s prescription drug coverage. This information can help you decide whether you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare’s prescription drug coverage:

- 1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.**
- 2. Medica, in conjunction with your Plan Sponsor, has determined that the prescription drug coverage offered by your benefit plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is considered Creditable Coverage.**

When Can You Join a Medicare Drug Plan?

You can join a Medicare prescription drug plan when you first become eligible for Medicare and each year from October 15th through December 7th. However, if you lose creditable prescription drug coverage, through no fault of your own, you will be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens to Your Current Coverage if You Decide to Join a Medicare Drug Plan?

If you do decide to join a Medicare drug plan and drop your coverage with Medica, *WHICH INCLUDES BOTH YOUR MEDICAL AND PRESCRIPTION DRUG COVERAGE*, be aware that you may not be able to get this coverage back.

Please contact your Plan Sponsor for more information about what happens to your coverage if you enroll in a Medicare prescription drug plan.

When Will You Pay a Higher Premium (Penalty) to Join a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with your Plan Sponsor and don’t join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may

Medicare Part D Creditable Coverage Notice

consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) for as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For more information about this notice or your current prescription drug coverage:

Contact our office for further information by calling the number listed on the back of your member ID card. If, however, you have a question about your eligibility for Medicare Part D, you should call 1-800-MEDICARE.

NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage changes. You also may request a copy from Medica at any time.

For more information about your options under Medicare prescription drug coverage:

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You can also view or download it from their website. You may be contacted directly by Medicare drug plans. For more information about Medicare prescription drug coverage:

- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.
- Call your State Health Insurance Assistance Program (see Section 9 of your copy of the "Medicare & You" handbook for your state's telephone number) for personalized help.
- Visit www.medicare.gov

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.ssa.gov or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

We also protect cultural information such as race, ethnicity, language, gender identity, and sexual orientation, the same as all other PHI.

How do we protect your PHI?

We take our responsibility of protecting your PHI seriously. Where possible, we de-identify PHI. We use and disclose only the minimum amount of PHI necessary for treatment, payment and operations, or to comply with legal or similar requirements. In addition to physical and technical safeguards, we have administrative safeguards such as policies and procedures that require our employees to protect your PHI. We also provide training on privacy and security to its employees.

We protect the PHI of former members just as it protects the PHI of current members.

Under what circumstances do we use or disclose PHI?

We receive, maintain, use and share PHI only as needed to conduct or support: (i) treatment-related activities, such as referring you to a doctor; (ii) payment-related activities, such as paying a claim for medical services; and (iii) healthcare operations, such as developing wellness programs. Additional examples of these activities include:

- Enrollment and eligibility, benefits management, and utilization management
- Customer service
- Coordination of care³
- Health improvement and disease management (for example, sending information on treatment alternatives or other health-related benefits)
- Premium billing and claims administration
- Complaints and appeals, underwriting, actuarial studies, and premium rating (however, we are prohibited from using or disclosing your PHI that is genetic information for underwriting purposes)
- Credentialing and quality assurance
- Business planning or management and general administrative activities (for example, employee training and supervision, legal consultation, accounting, auditing)
- We may, from time to time, contact you with important information about your health plan benefits. Such contacts may include telephone, mail or electronic mail messages.

However, we will not use cultural information, such as race, ethnicity, language, gender identity, and sexual orientation, for purposes of underwriting, rate setting or denial of coverage or benefits.

With whom do we share PHI?

We share PHI for treatment, payment and health care operations with your health care providers and other businesses that assist it in its operations. These businesses are called "business associates" in the HIPAA regulations. We require these business associates to follow the same laws and regulations that we follow.

³Dean Health Insurance, Inc., along with Dean Health Plan, Medica Central Health Plan, and Medica Central Insurance Company may take part in Organized Health Care Arrangements (OHCAs), including an OHCA with SSM Health and Dean Health System. As part of an OHCA, we may from time to time share your information with other members of the OHCA in order to perform joint health care activities as permitted by HIPAA.

to use or disclose your PHI without your authorization. Examples of these activities include:

- Public health activities (such as disease intervention);
- Healthcare oversight activities required by law or regulation (such as professional licensing, member satisfaction surveys, quality surveys, or insurance regulation);
- Law enforcement purposes (such as fraud prevention or in response to a subpoena or court order);
- Assisting in the avoidance of a serious and imminent threat to health or safety; and
- Reporting instances of abuse, neglect, domestic violence or other crimes.

Employee Benefit Plans. We have policies that limit the disclosure of PHI to employers. However, we must share some PHI (for example, enrollment information) with a group policyholder to administer its business. The group policyholder is responsible for protecting the PHI from being used for purposes other than health plan benefits.

Research. We may use or release PHI for research. We will ensure that only the minimum amount of information that identifies you will be disclosed or used for research. HIPAA allows us to disclose a very limited amount of your PHI, called a “limited data set” for research without your authorization. You have the right to opt-out of disclosing your PHI for research by contacting us as described below. If we use any identifiers, we will request your permission first.

Family Members. Under some circumstances we may disclose information about you to a family member. However, we cannot disclose information about one spouse to another spouse, without permission. We may disclose some information about minor children to their parents. You should know, however, that state laws do not allow us to disclose certain information about minors – even to their parents

When do we need your permission to use or disclose your PHI?

From time to time, we may need to use or disclose PHI where the laws require us to get your permission. We will not be able to release the PHI until you have provided a valid authorization. In this situation, you do not have to allow us to use or disclose your PHI. We will not take any action against you if you decide not to give your permission. You, or someone you authorize (such as under a power of attorney or court-appointed guardian), may cancel an authorization you have given, except to the extent that we have already relied on and acted on your permission.

Your authorization is generally required for uses and disclosures of PHI not described in this notice, as well as uses and disclosures in connection with:

- **Psychotherapy Notes.** We must obtain your permission before making most uses and disclosures of psychotherapy notes.
- **Marketing.** Subject to limited exceptions, we must also obtain your permission before using or disclosing your PHI for marketing purposes.
- **Sales.** Additionally, we are not permitted to sell your PHI without your permission. However, there are some limited exceptions to this rule—such as where the purpose of the disclosure of PHI is for research or public health activities.

What are your rights to your PHI?

You have the following rights with regard to the PHI that we have about you. You, or your personal representative on your behalf, may:

Request restrictions of disclosure. You may ask us to limit how it uses and discloses PHI about you. Your request must be in writing and be specific as to the restriction requested and to whom it applies. We are not required to always agree to your restriction. However, if we do agree, we will abide by your request.

Request confidential communications. You may ask us to send your PHI to a different address or by fax instead of mail. Your request must be in writing. We will agree to your request if it is able.

Inspect or obtain a copy of your PHI. We keep a designated record set of its members’ medical records, billing records, enrollment information and other PHI used to make decisions about members and their benefits. You have the right to inspect and get a copy of your PHI maintained in this designated record set. Your request must be in writing on our form. If the PHI is maintained electronically in a designated record set, you have a right to obtain a copy of it in electronic form. We will respond to your request within thirty (30) days of receipt. We may charge you a reasonable amount for providing copies. You should know that not all the information we maintain is available to you and there are certain times when other individuals, such as your doctor, may ask us not to disclose information to you.

Request a change to your PHI. If you think there is a mistake in your PHI or information is missing, you may send us a written request to make a correction or addition. We may not be able to agree to make the change. For example, if we received the information from a clinic, we cannot change the clinic information—only the clinic can. If we cannot make the change, we will let you know within thirty (30) days. You may send a statement explaining why you disagree, and we will respond to you. Your request, our disagreement and your statement of disagreement will be maintained in our designated record set.

Request an accounting of disclosures. You have the right to receive a list of disclosures we have made of your PHI. There are certain disclosures we do not have to track. For example, we are not required to list the times we disclosed your PHI when you gave us permission to disclose it. We are also not required to identify disclosures made that go back more than six (6) years from the date you asked for the listing.

Receive a notice in the event of a breach. We will notify you, as required under federal regulations, of an unauthorized release, access, use or disclosure of your PHI. “Unauthorized” means that the release, access, use or disclosure was not authorized by you or permitted by law without your authorization. The federal regulations further define what is and what is not a “breach.” Not every violation of HIPAA, therefore, will constitute a breach requiring a notice.

Request a copy of this notice. You may ask for a separate paper copy of this notice.

TO EXERCISE ANY OF THESE RIGHTS, PLEASE CONTACT MEMBER SERVICES AT THE TELEPHONE NUMBER ON THE BACK OF YOUR ID CARD, OR CONTACT MEDICA AT P.O. BOX 9310, MINNEAPOLIS, MN 55440-9310.

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, go to www.Medica.com or call (952) 945-8000 (TTY: 711) or 1 (800) 952-3455 (TTY: 711). For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary or call (952) 945-8000 (TTY: 711) or 1 (800) 952-3455 (TTY: 711) to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$4,000 per person / \$8,000 per family in-network and \$6,000 per person / \$12,000 per family for out-of-network services.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. <u>Preventive care</u> , preventive prescriptions and prenatal care from in-network providers or well child and prenatal care from <u>out-of-network providers</u> .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	\$4,000 per person / \$8,000 per family in-network. \$9,000 per person / \$18,000 per family for out-of-network services.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges (unless balanced billing is prohibited), and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.Medica.com/FindCare or call (952) 945-8000 (TTY: 711) or 1 (800) 952-3455 (TTY: 711) for a list of Medica Choice with UnitedHealthcare network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No. You don't need a referral to see a specialist.	You can see the specialist you choose without a referral.

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, go to www.Medica.com or call (952) 945-8000 (TTY: 711) or 1 (800) 952-3455 (TTY: 711). For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary or call (952) 945-8000 (TTY: 711) or 1 (800) 952-3455 (TTY: 711) to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$6,000 per person / \$12,000 per family in-network and \$9,000 per person / \$18,000 per family for out-of-network services.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care, preventive prescriptions and prenatal care from in-network providers or well child and prenatal care from out-of-network providers.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	\$6,000 per person / \$12,000 per family in-network. \$13,500 per person / \$27,000 per family for out-of-network services.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges (unless balanced billing is prohibited), and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.Medica.com/FindCare or call (952) 945-8000 (TTY: 711) or 1 (800) 952-3455 (TTY: 711) for a list of Medica Choice with UnitedHealthcare network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No. You don't need a referral to see a specialist.	You can see the specialist you choose without a referral.

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, go to www.Medica.com or call (952) 945-8000 (TTY: 711) or 1 (800) 952-3455 (TTY: 711). For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary or call (952) 945-8000 (TTY: 711) or 1 (800) 952-3455 (TTY: 711) to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$1,650 per person / \$3,300 per family in-network and \$3,000 per person / \$6,000 per family for out-of-network services.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the policy, the overall family deductible must be met before the plan begins to pay.
Are there services covered before you meet your deductible?	Yes. <u>Preventive care</u> , preventive prescriptions and prenatal care from in-network providers or well child and prenatal care from <u>out-of-network providers</u> .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	\$1,650 per person / \$3,300 per family in-network. \$4,500 per person / \$9,000 per family for out-of-network services.	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this plan, the overall family <u>out-of-pocket limit</u> must be met.
What is not included in the out-of-pocket limit?	<u>Premiums</u> , <u>balance-billing charges</u> (unless balanced billing is prohibited), and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a network provider?	Yes. See www.Medica.com/FindCare or call (952) 945-8000 (TTY: 711) or 1 (800) 952-3455 (TTY: 711) for a list of Medica Choice with UnitedHealthcare <u>network providers</u> .	This plan uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's charge</u> and what your <u>plan</u> pays (<u>balance billing</u>). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a referral to see a specialist?	No. You don't need a <u>referral</u> to see a <u>specialist</u> .	You can see the <u>specialist</u> you choose without a <u>referral</u> .

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, go to www.Medica.com or call (952) 945-8000 (TTY: 711) or 1 (800) 952-3455 (TTY: 711). For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary or call (952) 945-8000 (TTY: 711) or 1 (800) 952-3455 (TTY: 711) to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$6,000 per person / \$12,000 per family in-network and \$9,000 per person / \$18,000 per family for out-of-network services.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care, preventive prescriptions and hospice from in-network providers or well child and prenatal care from out-of-network providers.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	\$6,000 per person / \$12,000 per family in-network. \$13,500 per person / \$27,000 per family for out-of-network services.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges (unless balanced billing is prohibited), and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.Medica.com/FindCare or call (952) 945-8000 (TTY: 711) or 1 (800) 952-3455 (TTY: 711) for a list of Medica Choice with UnitedHealthcare network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No. You don't need a referral to see a specialist.	You can see the specialist you choose without a referral.

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.

 The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, go to www.Medica.com or call 1 (866) 882-8493 (TTY: 711). For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other [underlined](#) terms, see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary or call 1 (866) 882-8493 (TTY: 711) to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$4,000 per person / \$8,000 per family in-network and \$6,000 per person / \$12,000 per family for out-of-network services.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care, preventive prescriptions and hospice from in-network providers or well child and prenatal care from out-of-network providers.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	\$4,000 per person / \$8,000 per family in-network. \$9,000 per person / \$18,000 per family for out-of-network services.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges (unless balanced billing is prohibited), and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.Medica.com/FindCare or call 1 (866) 882-8493 (TTY: 711) for a list of VantagePlus with Medica network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No. You don't need a referral to see a specialist.	You can see the specialist you choose without a referral.

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, go to www.Medica.com or call 1 (866) 882-8493 (TTY: 711). For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary or call 1 (866) 882-8493 (TTY: 711) to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$4,000 per person / \$8,000 per family in-network and \$6,000 per person / \$12,000 per family for out-of-network services.	Generally, you must pay all of the costs from providers up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your deductible?	Yes. <u>Preventive care</u> , preventive prescriptions and prenatal care from in-network <u>providers</u> or well child and prenatal care from <u>out-of-network providers</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without cost sharing and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the out-of-pocket limit for this plan?	\$4,000 per person / \$8,000 per family in-network, \$9,000 per person / \$18,000 per family for out-of-network services.	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the out-of-pocket limit?	<u>Premiums</u> , <u>balance-billing</u> charges (unless balanced billing is prohibited), and health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a network provider?	Yes. See www.Medica.com/FindCare or call 1 (866) 882-8493 (TTY: 711) for a list of VantagePlus with Medica <u>network providers</u> .	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's</u> charge and what your <u>plan</u> pays (<u>balance billing</u>). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a referral to see a specialist?	No. You don't need a <u>referral</u> to see a <u>specialist</u> .	You can see the <u>specialist</u> you choose without a <u>referral</u> .

 All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.

 The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. For more information about your coverage, or to get a copy of the complete terms of coverage, go to www.Medica.com or call 1 (866) 882-8493 (TTY: 711). For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other [underlined](#) terms, see the Glossary. Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$6,000 per person / \$12,000 per family in-network and \$9,000 per person / \$18,000 per family for out-of-network services.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care, preventive prescriptions and hospice from in-network providers or well child and prenatal care from out-of-network providers.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	\$6,000 per person / \$12,000 per family in-network. \$13,500 per person / \$27,000 per family for out-of-network services.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges (unless balanced billing is prohibited), and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.Medica.com/FindCare or call 1 (866) 882-8493 (TTY: 711) for a list of VantagePlus with Medica network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No. You don't need a referral to see a specialist.	You can see the specialist you choose without a referral.

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
